

GEMSREMOVER GENTLY

UNIVERSAL STAIN
REMOVER

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION

GemsRemover GENTLY is a high-tech product designed specifically for restoring stone surfaces after installation.

Thanks to the reagents contained in the formulation it acts effectively on all surfaces with the presence of: dark rising halos, yellowing from oxidation, brown halos caused by mold and microorganisms and other similar types.

GemsRemover GENTLY does not affect the gloss, ideal for white marble, limestone, Istrian yellow, sandstone, botticino, biancone, quartzite, agglomerates, etc.

APPLICATION

GemsRemover GENTLY is ready to use, apply directly on the areas to be stained with a brush, taking care to apply a sufficient quantity to completely moisten the support until refusal, then protect the area, leave to act for at least 3 hours, in some cases even 12/24h, depending on the type of problem and the type of support.

After stain removal, wash the surface abundantly with GemsRemover Muscles diluted in water at 5% - 10%.

Note: after stain removal and dry support, we recommend a neutral protective treatment with GemSeal Premium in order to prevent new stains from forming.

The yield of the product varies from 5 square meters to 20 square meters depending on the problem and the type of surface.

WARNINGS

Anyone, before use, is required to inquire about the characteristics of the products by reading the label affixed to each package, the technical data sheet and the safety data sheet, or possibly by contacting us directly; however, we recommend that you strictly follow the instructions given or received. We also recommend carrying out a preliminary sampling to detect any unexpected results with respect to the method of application or the quality of the result. In any case, keep the package tightly closed and out of the reach of children. Ventilate the work environment well during and some time after applying the product. Do not eat or drink during use.

Our indications and technical advice, whether obtained verbally or in writing, refer to our best knowledge and do not involve guarantees even towards third parties. We invite you to adapt our products to your needs and working conditions: methods of use and types of processing are the sole responsibility of the buyer. As far as we are concerned, we guarantee constant quality in our supplies within the scope of our general conditions of sale.
